

I have been using my Farabloc blanket for about three months and it has been wonderful. I put it on the top sheet of my bed where it will cover my feet as I have peripheral neuropathy in them and they hurt bad at night before I go to bed, but after about 25 to 30 minutes under the blanket, 98% of the pain is gone.

Before I got the blanket, I was only getting 4 to 5 hours of sleep a night, but now am getting 7 to 8 hours and wake up refreshed ready for a new day. Thanks for a wonderful product. I wouldn't sell it for three times what it cost.
